Dear Parents and Guardians:

We are excited to announce our continued initiative at Cerro Gordo Jr/Sr High School aimed at enhancing our students' academic success and fostering a supportive learning community: The Peer Tutoring Program!

Program Overview:

The Peer Tutoring Program is designed to provide students with additional academic support through collaboration with their peers. This initiative allows students to receive help from fellow students who have excelled in various subjects, creating a supportive environment that encourages learning and growth. Our goal is to offer personalized assistance that complements the instruction students receive in the classroom.

How It Works:

- **Tutors:** Selected students who have demonstrated a strong understanding of specific subjects and have shown excellent academic and interpersonal skills will serve as tutors.
- **Tutoring Sessions:** Sessions will be scheduled during Study Hall times and will be tailored to meet the individual needs of each student.
- **Participation:** Students can request a pass from any teacher to the Peer Tutoring Lab. We encourage students to take advantage of this opportunity to strengthen their understanding of challenging material.

We believe that this program will make a positive difference in our students' educational experiences and help them achieve their academic goals. We encourage you to support your child's involvement in this initiative and to reach out with any questions or concerns.

Thank you for your continued support and commitment to CGHS/JH.

Sincerely,

Brandon Willard
Principal
Cerro Gordo Junior-Senior High School
